Wes-Kaap se top presteerders en skole 2007

Vergelyk A-gemiddeldes en 4+ onderskeidings

Die tabel onder verteenwoordig 'n aantal skole in die Wes-Kaap wat lukraak gekies is — volgens skole met leerlinge in die Top 3-prestasiegroep sowel as skole waarmee Jan van Riebeeck kontak het. Indien die uitslae van ander skole bereken word kan Jan van Riebeeck dus op of af-skuif op die lys.

Dit beteken dus nie dat JvR 17e beste in die Wes-Kaap gevaar het nie, maar dat ons uitslae wel besonder positief vergelyk met van die top skole in die Kaap.

Die eerste kolom verteenwoordig die A-gemiddeldes in die skool as 'n persentasie van die totale aantal leerlinge wat matriek geslaag het. Die tweede kolom toon die aantal leerlinge met 4 of meer onderskeidings in vakke as 'n persentasie van die totale aantal leerlinge wat matriek geslaag het in die skool.

Dit wys byvoorbeeld dat hoewel Herschel Girls net 1 leerder onder die Wes-Kaapse Top 20 het (nommer 13) en geen leerders in die City of Cape Town Top 10 nie, het 61% van die leerders onderskeidings behaal.

Aan die ander kant, het Stellenberg met 5 in die Top 20 van die Wes-Kaap slegs 4% meer gemiddelde onderskeidings as Jan van Riebeeck gehad (naamlik 25% teenoor 21%).

Herzlia, met 50% van die matriekklas wat met A-gemiddeldes geslaag het, het nie een kandidaat onder die Top 10 in een van die areas nie.

Top presteerder leerders en hul skole

Die eerste tabel is die Wes-Kaap se Top 20, effens geskommel om leerders van skole by mekaar te hou — die gekleurde areas verteenwoordig leerders van een skool. Stellenberg het dus 5 in die Top 20, Paul Roos 3, Bloemhof en DF Malan 2 in die Top 20 ens.

Die departement verskaf ook die name van die Top 10 leerders in "City of Cape Town" area — hulle is ook per skool gegroepeer.

Dieselfde vir die Top 10 in "Cape Metropole".
